**INTRODUCTION**

## INTRODUCTION

This is an update of the Directory of Canadian Trading Houses.

The purpose of this directory is three-fold:

- 1) to facilitate Canadian manufacturers' search for international marketing firms that can assist them in exporting Canadian goods and services;
- 2) to assist Canadian trade offices in other countries or interested foreign buyers to locate Canadian goods and services through international marketing companies, and;
- 3) to publicize the services being offered by these trading houses.

Companies listed have been identified as trading houses on the basis of the following definition:

'A trading house is a company engaged in exporting (and in many cases importing) goods and services produced by others on a commission, retainer or merchant basis, and which looks on the international marketing business as a significant source of revenue or as a separately managed profit centre.'

Canadian trading houses perform international marketing and sales activities on behalf of manufacturers and processors, and have offices or agents overseas that are capable of representing the interest of their clients. Trading houses provide advice to their principals about foreign country import requirements and ways to enhance their products for sale to foreign buyers. Some of the trading houses listed in this directory specialize in particular commodities and regions of the world, whereas others may handle a full range of products internationally. The services offered by trading houses afford manufacturers and processors the opportunity to expand into international markets, frequently at a lower cost than it would take to maintain an export division and an overseas network of their own.

The information contained in this directory is also available online with Industry, Science and Technology Canada's computerized Business Opportunities Sourcing System (BOSS).

The publication of company names in this directory does not imply any government endorsement of their capabilities. It simply reflects services advertised by each company. Information shown was provided voluntarily by the companies listed. Firms that belong to a professional trade association such as the Council of Canadian Trading Houses, the Quebec Association of Export Trading Houses or the Canadian Export Association are identified in the directory.

Within Industry, Science and Technology Canada (ISTC), the focal point for Trading Houses is the Distribution Services Industries Division, of the

Service Industries and Consumer Goods Branch. If additional information is required on trading houses, please contact the division at the following address:

## CANADA AWARDS FOR BUSINESS EXCELLENCE

The CANADA AWARDS FOR BUSINESS EXCELLENCE were created in 1984 by the the Government of Canada to honour businesses of all sizes and in all industry sectors for outstanding achievements in entrepreneurship, business management and science. These coveted awards have since become synonymous with the best in Canadian business.

The CANADA AWARDS FOR BUSINESS EXCELLENCE honour achievement in ten categories: Small Business, Productivity, Marketing, Entrepreneurship, Labour/Management Co-operation, Innovation, Invention, Industrial Design, Quality and Environment.

Selection is by independent teams of private sector experts. In each category the jurors choose up to three trophy winners - one gold, one silver and one bronze. A number of Certificates of Merit are also awarded.

Each year, Canada Awards winners are honoured by their peers and by all Canadians coast to coast.

The benefits are tangible and substantial. Winners become the focus of national attention. A prestigious awards ceremony and national advertising create country-wide recognition.

Winners can exhibit their awards proudly and have the exclusive right to use the logo of the Canada Awards in all communications. Past winners have noted a marked increase in employee motivation as well as increased sales and profitability attributable to the awards.

Winning a CANADA AWARDS FOR BUSINESS EXCELLENCE trophy is a considerable achievement, but participation itself can be rewarding by heightening the company's team spirit and pride in its success.
